My wife, Edna, and I Larry B. Lambert live at _____ Sumter, SC _____ had Light + Electric 1 contracted to install Solar Panels twenty seven (27) on our home trying to off set future high cost of electricity in our future, in 2018 and have had problems getting the promised service and help getting these panels to save us any amount money or service to have our plans to be made real. I personally have reached out to the installer with complaints since the install date. No complaint has reached a complete officer that did fulfill the promised goal, of helping my family save money or get service that Solar Panels were said to deliver. I have been taken and now have a bill totalling twice as much for our electric service and wish to be made whole as by our contract. We have done each and every thing requested by the contracted company to get service.
